

Pipeline Beach

Hi, all!

I am at a Pipeline Beach in Hawaii. I'm with my family. We came here one week ago. At first the weather was bad. It was cold and cloudy. We couldn't swim at the beach.

Yesterday, it was hot and sunny. We could swim. In the afternoon we saw a big blue whale. The whale swam and jumped in the sea. It was great!

Today it is warm and sunny. We can see beautiful waves. The waves are so big. We can see some dolphins. They are talking and playing. They are so smart!

Ciao from Tara.
