

Night Sky

Hi, I'm Karl. I live in a big city. This summer I'm going to live with my uncle Arthur for one month. He doesn't live in a city. He lives next to a river in a big forest. There are no shops. There are no TV's. There are no mobile phones. There is no internet.

Every morning I will wake up early. I will catch fish in the river. I will make a fire and cook the fish on the fire. At night we will listen to the wild animals and watch the night sky. Uncle Arthur is going to teach me about the stars. I want to learn about the stars. It's going to be fun!

Answer these questions.

1. Who is Karl going to live with?

2. How long is Karl going to live with his uncle?

3. Does Arthur live in a big city?

4. What will Karl catch?

5. Will Karl cook the fish?

6. Who is going to teach Karl about the stars?

7. Does Karl want to learn about the stars?

Choose the best answer.
